FAQS

Reasons For **Air Bubble**
On Acrylic Sheets

	Acrylic are bonded in extremely humid conditions		Debonding in certain areas because of uneven substrate surface
	Use of water base synthetic resin adhesive any other than PEVA (Polyethylene Vinyl Acetate Co-polymer)		Insufficient or lack of pressing during the bonding period of laminate
	When substrate loses moisture after installation		Use of extremely large acrylic sheets (more than 8 ft x 2ft long)

To Avoid The Inside **Cracks & Stretch Line** On acrylic sheets

DO NOT STORE ACRYLIC SHEET IN ROLL FORM

PLEASE OPEN THE ROLL IMMEDIATELY. DO NOT PRESSURIZE WHILE OPENING ROLL.

MULTI SURFACE ADHESIVE

Available in 900 GM and 4.5 KG

Recommended Adhesive For ACRYLIC SHEETS

*There can be colour variation in material from different batches. It is advised to use same batch material to avoid colour variations. Actual colours Of the Acrylic sheet may vary from this brochure.

Acrylic sheet size:

2440 mm x 1220 mm

Thickness:

1.5 mm (+-10%)

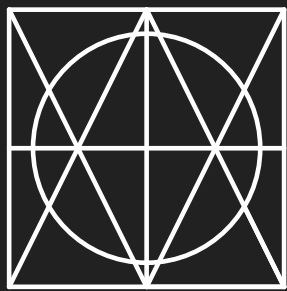

To avoid delamination / air bubbles in between ply and laminate the above steps should be taken care of. Bonding of acrylic sheets shouldn't be completed under high humidity

Disclaimer

The Products are tested to be reasonably free of defects, and when used and fabricated properly they will comply with the applicable manufacturing specifications within realistic deviations. We recommend customers to inspect products properly before installing. Product's warranty in no way covers defects and non-compliance from or otherwise attributable to any other causes, including, without limitation the following:

- Improper handling / transportation / storage of Milano.
 - Improper installation of Milano.
 - Improper or unintended usage of Milano.
 - Lack of or improper maintenance of Milano.
 - Exposure to high temperatures
 - Unauthorized alteration to the products
 - Outdoor applications
 - Do not use plywood with high moisture content

- Do not use ply with uneven surface
 - Apply sufficient pressure
 - Avoid pasting of sheets on the printed/branding area of the Plywood
 - There will be no guarantee or exchange under any circumstances
 - Color variations in products from different batches are possible
 - We recommend using products from same batch to avoid color variations
 - This brochure is for presentation purposes only. Actual colors may differ
